Description Summary

In recent years, we have seen a dramatic increase in consumers who are supporting GFCO brands. The “Gluten-Free Consumer Revolution” is no longer just a thing... it’s a group of people who are committed to a healthy lifestyle, or have Celiac Disease and must avoid gluten for their health. If you are looking to reach gluten-free advocates/consumers, this list has you covered. Our permission-based list of gluten-free consumer buyers is entirely self-reported. Many of these consumers have the expendable income to spend on organic food establishments and are supporters of many causes, including environmental and animal welfare causes. In as early as 2010, gluten-free product sales had already skyrocketed to more than \$2.6 billion, according to the National Foundation for Celiac Awareness. This list is ideal for any marketer who is looking to target health-conscious buyers of gluten-free products.
