Description Summary

If you are looking to market your product to people who are taking trips to concerts regularly, and are enthusiasts in music entertainment, this mailing list may be the right choice for you. These consumers are ideal prospects for magazines, DVDs, internet services, cable TV, and movie/music releases. Get in touch with these music lovers who are sure to be interested in any hip hop events or products. Although many people listen to hip hop, not everyone chooses hip hop-related products and events. Our database gives you only the select people who have opted in for more information, as well as through previous purchase history, so if they have started buying into hip-hop related products, apparel, or events, they are likely to buy the same types of products again.

How Our Data Is Compiled

Our Hip Hop Enthusiasts Mailing List is derived from a multitude of public and proprietary feeds both online and offline including: surveys, self-reported individuals, and previous memberships/ purchase history. When you use our data, you are guaranteed accuracy and deliverability. Our compilation team processes the entire database against the National Change of Address (NCOA) file monthly. The list is also CASS certified to ensure further accuracy.
